Tibetan Cultural Society Of Vancouver Island

VISION:

The vision of our Society is to promote and preserve the vibrant and distinctive Tibetan culture in Canada, while fostering a sense of community spirit and harmony among individuals from diverse cultures.

MISSION:

Our Mission is to create a vibrant Tibetan Cultural Society that fosters meaningful community engagement and strengthens moral values, peace, and religious harmony through the sharing of Tibetan arts, culture, and heritage. We will strive to provide accessible opportunities for individuals of all backgrounds to learn, experience, and appreciate the richness of Tibetan culture. We will strive to create a safe and welcoming environment for all those interested in exploring and celebrating the unique beauty of Tibetan culture.

OUR STORY:

Following the devastating earthquake disaster in April 2010 that struck Tibet, the Tibetan community on Vancouver Island took decisive action, spearheading a significant fundraising initiative in collaboration with our valued community partners. Through the incredible generosity of individuals spanning the expanse of Vancouver Island, our collective efforts culminated in the successful raising of nearly \$25,000 in financial aid.

This pivotal event marked the genesis of the Tibetan Cultural Society of Vancouver Island, an embodiment of our commitment to safeguarding and propagating our culturally rich heritage, language, and customs. In unwavering dedication, we emulate the principles championed by His Holiness the Dalai Lama, striving to cultivate unity, harmony, and the ethos of non-violence within our immediate community and extending these virtues to encompass a broader sphere.

As contributors to Canada's mosaic of diversity and multiculturalism, we take great pride in our role. With open arms, we extend an invitation for you to join us in our ongoing endeavors, as we continue to make meaningful contributions that resonate both within our community and beyond.
